## Objectifs

CEPIL Master is a 2 year program entirely taught in English.

**Semesters 1 and 2** aim at giving students a thorough knowledge of the private and public aspects of international and European legal issues.

The programme offers a comparative perspective, focuses on methodology with a view to providing the students with the tools needed to hold positions as lawyers in an international and European context.

**Semester 3 and 4** aim at giving students a high level of proficiency in Private International Law with a focus on International Mobility. This program is a Double degree established by the 2011 convention signed between the University Toulouse Capitole and the University of Dundee in Scotland. Students will thus obtain both a French Master's diploma and the LLM (Latin Legum Magister) under two cumulative conditions: the validation of semester 3 in Toulouse and the mandatory semester 4 in Dundee. The LLM certificate is awarded during a graduation ceremony at the University of Dundee.

This type of programme is a rare opportunity in France providing the cross competences, reflexes, methodology and knowledge that are necessary to the internationalisation and europeanisation of private law cases and regulations. The LLM is a globally recognised degree, particularly in English-speaking countries.
