Présentation

 Code RNCP : 35913

The double degree « Corporate Finance » (DU - CF) is a degree of excellence that gives a double competence in corporate finance and banking. It aims at training financial professionals as financial analysts with specific banking sector knowledge.

Thanks to this programme, students gradually build a professional project in finance in an international context.

It gives access to the Master of Banking and Asset Management of  HEC Management School - University of Liège (ULiège) in Belgium - and the corresponding degree, in addition to the Master Corporate Finance of TSM.

Students who enrol in this programme spend the first two semesters at TSM and the third and fourth semesters at HEC Liège.

Etablissements partenaires

 HEC Liège, Belgique

Objectifs

The double degree enables students to:

- * acquire an in-depth knowledge of financial institutions, financial markets and instruments, as well as they operate and are used;
- * master concepts and issues related to investment decisions involving business valuation and financing structuring (Mergers and Acquisitions, Private Equity, Venture Capital);
- * acquire the fundamentals of corporate finance and develop expertise in financial reasoning;
- * understand the scope of financial operations through mastering innovative approaches and their calculation and optimisation;
- * demonstrate a critical perspective on the skills acquired in the programme through personal reflection on the finance function and through individual and group experiences.

Admission

Conditions d'admission

- * Candidates must apply during their M1 in Finance at TSM.
- * Successful completion of 180 ECTS (Master 1) in Management, Economy, Mathematics or Engineering or any equivalent degree.
- * English language test (B2 required).

- * Examination of candidate's application and possible interview.
