Université  
Toulouse - Jean  
Jaurès

## Présentation

### Objectifs

This Bachelor's programme is available in the framework of both initial and continuing training on the Toulouse campus.

### Savoir-faire et compétences

**In the field of tourism**, students can draw on general and technical knowledge of business management in the tourism, leisure, transport and accommodation sectors, as well as communication and promotion skills in public tourism organizations. Content relating to sustainable development enables them to grasp the challenges of territorial, local and international development.

## Admission

### Conditions d'admission

### Access in third-year bachelor's degree

- \* **If you hold one of the diplomas mentioned above**, you may apply on-line : [eCandidat](#)
- \* **Non-European students** may apply on : [Études en France](#)
- \* **The people who do not hold any of the degrees listed above but who have worked in the tourism** sector will be invited to apply for the validation of their qualifications (French NVQ scheme, decree of August 23rd 1985) by a jury of professionals and university lecturers. Submit your request to the [service de la formation continue](#)

### Formation(s) requise(s)

The selection is based on a written application and an interview.

## Et après...

### Poursuite d'études

### Continuing Studies

### Insertion professionnelle

Graduates may consider different sectors of activities and positions, depending on their major but also on their choice of continuing in a Master's degree.
